

Ski & Action HIGHLIGHTS

Well informed!

All information from the skiing region can be accessed directly from your smartphone with the **free Ski Arlberg App**: Get live info, book skiing tickets online, track your runs and much more!

Snow and fun parks

Beginner and expert freestyle fans will get their money's worth in the top-equipped snow parks and on the fun slopes in the skiing regions of the Arlberg.

Race slopes & speed checks

Ambitious winter sports enthusiasts can compete with like-minded people on a giant slalom run or hone their personal best time with one of the speed checks on numerous race courses in all skiing regions. For anyone who wants to see themselves in action, Ski Arlberg has installed skimovie equipment on selected race courses that films the racers from start to finish.

Sledging runs

With winding natural sledging runs, evening sledging through snow-covered forests and much more, the sledging runs on the Arlberg offer winter fun for the whole family and are a perfect alternative to skiing and snowboarding.

PEAK OF PASSION SINCE 1885

In 1885, a Norwegian engineer brought the first skis to the Arlberg. Three men from Langen were fascinated, tried them out and discovered a new passion. They were the first skiers on the Arlberg. This passion that gripped them at the time was the first of many milestones that made the Arlberg go down in history as the cradle of alpine skiing. This history is still being written to include many wonderful moments, unforgettable experiences and the enthusiasm for this unique region.

Welcome to Ski Arlberg!

As the largest linked skiing region in Austria and one of the five largest in the world, Ski Arlberg offers visitors a number of options for endless skiing pleasure with the renowned Arlberg quality.

Ski Arlberg at a glance

- 85 cable cars and lifts
- More than 300 kilometres of downhill skiing for all levels
- More than 200 kilometres of deep snow slopes
- On average 9 metres of snowfall per winter
- 3 sledging runs
- 24 conveyors and tow lifts
- 6 giant slalom runs
- 5 fun parks
- From gourmet restaurants to rustic chalets

EXPERIENCE the world of Ski Arlberg

Following SkiPioneers and SkiStars

On the RUN of FAME winter sports enthusiasts can venture out onto the longest linked ski circuit in the Alps. The 85 kilometre long pleasure trip takes them over an altitude range of 18,000 metres over the Arlberg, Flexen and Hochtannberg passes and is dedicated to those skiing pioneers, skiing stars and film stars who left their mark on the Arlberg.

The HALL of FAME is located at the heart of the RUN of FAME at the top station of the Flexen/Trittkopfbahn I. In the interactive exhibition visitors can immerse themselves in the fascinating world of the Arlberg – with historical events and celebrities as well as numerous highlights such as the interactive HUNT of FAME chase.

NEWS

The new Albonabahn I in Stuben am Arlberg

Instead of the former double chairlift, a modern monocab gondola lift with enclosed 8-seater gondolas now carries passengers quickly and comfortably to the slope connection at Alpe Rauz. After reconstruction the mountain station is now located directly next to the mountain restaurant "Albona Mitte".

SKI TICKETS

CURRENT TICKET PRICES

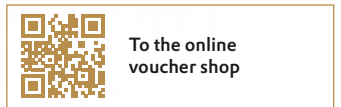

Ski Arlberg web shop & ticket vending machines

Ski Arlberg ski tickets can be purchased quickly and conveniently online and then collected from one of the many pickup boxes in the skiing region. Alternatively, contactless purchase of ski passes is also possible at the ticket machines (and of course at the Ski Arlberg ski pass ticket offices) directly in the skiing region.

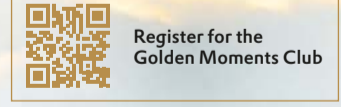

Ski Arlberg vouchers

With the Ski Arlberg vouchers you can treat your friends and family to unforgettable skiing experiences. The vouchers are available for a whole day in the skiing region, as personalised gift cards (chip cards on which a ski pass authorisation can be booked and directly accessed in the skiing region) and also as print-at-home vouchers with various design options for special occasions.

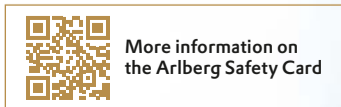

Golden Moments Club for day trippers

With the Golden Moments Clubcard day trippers can add the glint of gold to their skiing day on the Arlberg with extra convenience and free advantages. For example, they can start their skiing fun immediately without having to queue at the ticket office. There are also experiences that cannot be bought, such as a gourmet meal in the Golden Moments Genusskugel at the heart of the skiing region.

Arlberg Safety Card (ASC)

Entitlement (subsidiary) to reimbursement of recovery costs after a skiing accident in the skiing region organised by Ski Arlberg with the Arlberg Safety Card – the card is available at the ski pass ticket offices for €20.00 (up to 8 days) or €35.00 (from 9 days and for season ticket holders). The following company is obliged to provide the services covered by the ASC and is a contractual partner of the holder of an ASC: Wucher Helicopter GmbH, Hans-Wucher-Platz 1, 6713 Ludesch, Hotline: +43 664 15 31 192, www.wucher.at. Should you have incurred recovery costs, please forward the respective invoices to flugrettung@wucher.at.

It is not permitted, without exception, to enter forested areas and walk or sledge on ski runs. From the last checking run, immediately after the last ascent, ski runs and ski routes are closed due to the danger from slope maintenance vehicles and cable winches. Please note: No safety cordons! When there is a risk of avalanches, never use closed runs. In order to safeguard their own safety, people on tours outside the safeguarded and open ski runs are responsible for obtaining information about blasting from slope management. Please note: During and after fresh snow falls there will be avalanche blasting in the area - risk of avalanches! Avoid areas with avalanche risk at these times! Information at the base stations. Skiing accidents: In the case of an accident, please report the accident with exact details using the emergency call point, nearest lift station or designated call point. For the telephone numbers for the ski run rescue service for the respective area, refer to the information block. The ski run rescue service is chargeable. Ski run preparation: The use of slope maintenance machines, also while the ski runs are in operation, cannot be avoided. Please be sure to keep a safe distance from these machines. Do not cross below slope maintenance vehicles on steep slopes as these may accidentally slip down. Where the view is restricted, in narrow passages or on cat-tracks, take extra care as slope maintenance vehicles may come the other way. Fresh snow: The Arlberg lifts and cable cars are well known for their efforts to offer perfect ski run conditions every day. However, when fresh snow falls it is unfortunately not always possible to prepare all runs at the same time, even with maximum deployment of slope maintenance equipment. Furthermore, in certain weather conditions fresh snow will not attach itself to the older snow covering below and will slip, forming heaps and bumps in spite of the preparation work. This cannot be prevented, even with the best ski run management.</p>	<p>For safe enjoyment in our ski area please follow the valid FIS regulations for skiers and snowboarders and above all be careful and considerate.
