SKI GUIDE

SKI ARLBERG

English

Ski Arlberg at a glance

85 cable cars and lifts

301 kilometres of downhill skiing for every level

More than 200 km of powder runs

Ø 9 m of snowfall

3 toboggan runs

23 moving carpets

4 race tracks, 7 fun parks and fun slopes

Skiing at an altitude of 1,300–2,800 metres

From gourmet restaurants to rustic huts

www.skiarlberg.at

OF THE ALPS

LEGEND

Ski Arlberg is not only the largest connected ski resort in Austria but also one of the five largest in the world. The first tracks in the untouched Arlberg snow laid the groundwork for modern skiing. From its very beginnings, Ski Arlberg was driven by pioneering spirit, passion, and courage – qualities that continue to define it to this day. This unmistakable passion makes every ski run, every turn, and every experience on snow something special – and has elevated Ski Arlberg to legendary status.

Ski Arlberg app: stay informed

The free Ski Arlberg app delivers all the latest information from the slopes straight to your smartphone – with features like **ski-navi**, **live updates**, **ticket purchasing**, **tracking** and much more.

App download

Information on data processing and tracking features can be found in the app's privacy policy.

Experience skiing history

The **RUN of FAME** spans 85 kilometres and 18,000 metres of elevation, making it the **longest continuous ski circuit in the Alps**. It winds over the Arlberg, Flexen and Hochtannberg passes, dedicated to the pioneers and stars who left their mark on Arlberg.

At the heart of the RUN of FAME lies the **HALL of FAME**, where skiing history comes alive. One highlight is an **interactive pursuit called the HUNT of FAME**.

RUN of FAME:
track & win

Tickets, webshop & ticket machines

The Ski Arlberg Ski Ticket is your key to a personal **winter adventure** in the Arlberg region. Ski tickets can be purchased quickly and conveniently online. If you already have a chip card, you can simply top it up in the webshop and use it straight away – with no extra detour. Newly purchased tickets can be collected from numerous vending machines and pick-up boxes throughout the ski resort. Ski tickets are, of course, also available at the cash desks and ticket machines on site.

WINTER WONDERS

Racing courses & speed checks

Keen winter sports enthusiasts can test their skills against like-minded racers on numerous giant slalom courses or hone their personal best times at one of the speed checks. Selected tracks are equipped with Skimovie systems, filming from start to finish.

Giant slalom racing courses: **Lech:** at the Hinterwieslift parallel slalom race course with video • **Zürs:** Flexenarena/practice slope Zürs • **Warth:** at the Wartherhornbahn, at the Wannenkopfbahn with video recording (Skimovie) • **Schröcken:** at the Saloberjet, Sonnencruiser parallel slalom race course

Speed checks: **St. Anton:** Stanton Speed at Rendl • **Lech:** at the Weibermahdbahn with photo point • **Schröcken:** at the Kuchlift

Snow & fun parks

Whether you have grand sporting ambitions or are simply out to have fun, the superbly equipped snow parks and fun slopes offer every action fan an exhilarating experience.

Fun parks: **St. Anton:** STANTON PARK at the Rendl mountain station • **Lech:** Snow park at the Schlegelkopfbahn cable car, Family Park at the Schlosskopfbahn cable car

Fun slopes: **St. Anton:** at the Osthangbahn cable car • **Lech:** at the Schlosskopfbahn cable car • **Warth:** at the Wannenkopfbahn and Karhornbahn cable cars

Ski & Thrills in the Arlberg region

AUSTRIA'S SNOWIEST SKI RESORT

Source: Aigner, G. (2026): Ski Arlberg: Die schneereichste Skiregion Österreichs. Amtliche Klimadaten. Österreichweite Vergleiche. www.zukunft-skisport.at

Bars & restaurants

Pure indulgence awaits at the numerous dining establishments scattered across the ski resort, offering an **impressive variety of culinary delights** – from regional treats to international dishes and gourmet cuisine.

Toboggan runs

With thrilling natural toboggan runs, evening sledging through snow-draped forests and much more, the toboggan runs at Arlberg deliver lively fun for the whole family and a perfect complement to skiing and snowboarding.

Toboggan runs: **St. Anton:** a 4.5 km illuminated natural toboggan run to Nasserein, open daily from 12 noon to 4.15 pm. **Tip:** Fun and excitement plus a hearty stopover every Thursday during the tobogganing evening from Gampen down to the valley • **Oberlech-Lech:** a 1.2 km illuminated and snow-covered toboggan run from Oberlech to Lech, open daily from 9 am to 9 pm. Bobsleighs available for hire at the Bergbahn Oberlech cable car. • **Warth:** toboggan run at Dorfbahn. Toboggan rental at the valley station. Weekly evening tobogganing as per notices and website.

Arlberg Mountain summer

For those looking to combine sporty activities with pure enjoyment in summer, Arlberg is the perfect destination. Countless hiking trails, crystal-clear mountain lakes and exquisite cuisine invite you to linger – as do swimming pools and golf courses in stunning locations.

A special highlight in summer is the **Arlberg Trail**, spanning 43 kilometres with over 6,000 metres of elevation. Over three days, it winds through three stages across the five distinctive villages of Lech, Zürs, Stuben, St. Anton and St. Christoph. Thanks to the cable cars, the route is comfortably manageable – leaving plenty of time for tranquil mountain moments, breathtaking panoramas and delightful culinary experiences along the trail.

ARLBERG TRAIL

More information about the Arlberg Trail

Cash desk opening hours

St. Anton: 8 am–4:30 pm
St. Christoph: 8:15 am–4:15 pm
Stuben: 8 am–4:30 pm
Lech-Oberlech-Zürs: 8 am - 4:45 pm
Pettneu Tourist Information: Mon–Sat, 8 am–6 pm, Sun, 8 am–11 am
Pettneu Wellness Park: Thu–Tue, 1 pm–8 pm
Warth-Schröcken: 8:30 am–4:30 pm
Klösterle-Sonnenkopf: 8:30 am–4:30 pm

Please see the notices displayed at the cash desks.

Operating hours

The operating hours for individual cable cars and lifts are listed at www.skiarlberg.at, in the Ski Arlberg app, and at the cash desks or the respective facilities. The availability of individual facilities, slopes and additional activities may be restricted, especially for safety, security, weather or operational reasons.

Operating hours and live status of individual cable cars and lifts

Local & ski bus

Ski buses in St. Anton/St. Jakob, as well as in Pettneu, Schnann and Flirsch, are marked with line numbers. In Lech and Zürs, blue local buses operate. These buses, along with the Warth-Schröcken ski bus (*between Schröcken-Unterboden and Warth-Lechleiten*) and the Lechtal ski bus, are free to use with a valid ski ticket (*for the purpose of alpine skiing*).

Please note: Yellow Postbus buses between St. Anton/St. Christoph (*free for part of the route*) and Lech Zürs are subject to a fee.

Sonnenkopf: A free ski bus runs several times daily from Stuben am Arlberg to the Sonnenkopf cable car valley station and back.

Safe on the slopes

Safety is the number one priority. Therefore everyone should be familiar with the most important rules of conduct on the slopes (FIS rules). In addition, boards marked **Check Your Risk** explain the current avalanche danger level, provide essential safety instructions and are an opportunity to check that avalanche transceivers are working properly.

FIS rules at a glance

Digital skiing map

Ski runs are marked and prepared if possible; they are checked and secured against atypical alpine dangers, especially avalanches.

Ski routes are marked and only secured against the risk of avalanches; they are generally not prepared or checked, or only in some cases.

Warning lights:

- Yellow: Outside the safeguarded ski runs there is the risk of avalanches.
- Level 4 (= HIGH) or Level 5 (= VERY HIGH)
- Ski run and ski route signs:
- Orange: Slope maintenance equipment in use

For information on the current slope conditions refer to the panoramic boards at the cable car stations.

Flashing green or orange: Warning – queues! (Ski Arlberg app and www.skiarlb.org – always orange)

Ski run and ski route signs:

- Red: closed
- Green: open

Slope closures and avalanche blasting: Entering closed slopes or ski routes is prohibited and may result in legal action depending on the circumstances. It is not permitted, without exception, to enter forested areas and walk or sledge on ski runs. From the last checking run, immediately after the last ascent, ski runs and ski routes are closed due to the danger from slope maintenance vehicles and cable winches. Please note: No safety cordons! When there is a risk of avalanches, never use closed runs. In order to safeguard their own safety, people on tours outside the safeguarded and open ski runs are responsible for obtaining information about blasting from slope management. Please note: During and after fresh snow falls there will be avalanche blasting in the area – risk of avalanches! Avoid areas with avalanche risk at these times! Information at the base stations. Skiing accidents: In the case of an accident, please report the accident with exact details using the emergency call point, nearest lift station or designated call point. For the telephone numbers for the ski run rescue service for the respective area, refer to the information block.

The ski run rescue service is chargeable. Ski run preparation: The use of slope maintenance machines, also while the ski runs are in operation, cannot be avoided. Please be sure to keep a safe distance from these machines. Do not cross below slope maintenance vehicles on steep slopes as these may accidentally slip down. Where the view is restricted, in narrow passages or on cat-tracks, take extra care as slope maintenance vehicles may come the other way. Fresh snow: The Arlberg lifts and cable cars are well known for their efforts to offer perfect ski run conditions every day. However, when fresh snow falls it is unfortunately not always possible to prepare all runs at the same time, even with maximum deployment of slope maintenance equipment. Furthermore, in certain weather conditions fresh snow will not attach itself to the older snow covering below and will slip, forming heaps and bumps in spite of the preparation work. This cannot be prevented, even with the best ski run management.

For safe enjoyment in our ski area please follow the valid FIS regulations for skiers and snowboarders and above all be careful and considerate. The complete FIS regulations are available at www.skiarlb.org
